

The first HDTV measured in feet instead of inches. The new 6-foot LG Plasma HDTV.

Okay, one inch shy of 6 feet to be precise. The point is, the new 71" Plasma from LG is big. Real big. With HD⁺ digital processing, your picture is crisp, clear and true to life. And LG's exclusive XD Engine[™] outperforms other technologies by minimizing distortion and producing spectacular images. Plus, LG's performance-enhancing, proprietary technology ensures that this plasma will be entertaining you for many years to come. With LG, life is definitely good. Find out more about our full line of products at LGusa.com. To receive HDTV, optional set top box required. © 2004 LG Electronics U.S.A., Inc., Englewood Cliffs, NJ.
