News + Notes

10 | **Friend & Faux** *The Daily Show's* Jon Stewart gets political...Fox News news...Hit List... Jordan Knight and Dave Coulier dish on *The Surreal Life*...The Deal Report...Oscar's latest controversies...Pamela Anderson's shoe fetish...The Shaw Report...Monitor.

Features

24 | **The Lady Vanishes** Just as she draws attention for two upcoming films, Gwyneth Paltrow is stepping out of the spotlight to focus on a different sort of drama: motherhood. BY KAREN VALBY

32 | **The Man Rocks** Bob Moog helped invent disco—among other atrocities. Meet the genius behind the Moog synthesizer. BY NANCY MILLER

38 | **Chick Lit's Big Star** With her witty, smart, and refreshingly unglam novels, author Jennifer Weiner has made Hollywood rethink its image of women. BY CLARISSA CRUZ

40 | **A Fight to Remember** Fox's *Next Great Champ* gets the first punch in the reality TV boxing wars. BY DALTON ROSS

44 | **Graphic Violence** Supercartoonist Art Spiegelman draws a bead on 9/11 with *In the Shadow of No Towers*. BY TROY PATTERSON

ON THE COVER Gwyneth Paltrow photographed for EW by James White on June 20, 2004, in Los Angeles

And the Oscar goes to...whichever talented boxer gets through De La Hoya to become *The Next Great Champ* (page 40)
