

Meat-in- the-freezer favorite!

Marlin Micro-Groove Model 336 "Texan"

In a choice of brush-cutting calibers (.30-30 and .35), this western-style carbine puts down deer, black bear and elk for keeps! The straight grip permits fast draw from a saddle scabbard.

Like all Marlin rifles, this rugged game-getter has Micro-Groove Rifling, an exclusive Marlin advantage that gives up to 25% better accuracy!

You save \$10 when you buy the Model 336 and Marlin Micro-Power Hunting Scope "combo." In 2½X or 4X, this quality scope has coated lenses, eye shade, positive click adjustments with weather-proof caps. Receiver is drilled and tapped for easy mounting—all mounts included.

All Marlin Model 336 high-powers have these quality features: 6- or 7-shot tubular magazine; solid-top receiver with automatic side ejection to permit low scope mounting; 2-piece firing pin prevents firing before gun is fully cocked; gold-plated trigger; drilled and tapped for Marlin Micro-Power Hunting Scope or Lyman 66LA peep sights; blued steel barrel made of Special Analysis Ordnance Steel with crowned muzzle; stock of high-grade walnut with special weather-resistant finish.

Priced at \$82.00, only \$8.00* down, with 4X Marlin scope, \$121.95, only \$12.00* down.

Prices subject to change without notice

Marlin Firearms Co., New Haven, Conn., Dept. R-9

Please send me the new 90th Anniversary Marlin illustrated catalog in full color, plus illustrated booklet on telescopic sights. I enclose 25¢ to cover handling and mailing.
