## ON THE COVER

Remember when all a case trimmer was expected to do was trim cases? Some like that are still available but each year sees more trimmers redesigned to accept accessories ranging from brushes to reamers. Powered trimmers are being introduced, too — more evidence of the great variety of tools and equipment today's handloader can choose from. Trimmers in the photo, clockwise from the top, are from C-H, RCBS, Forster, Redding and Lyman. Photo by Randy Swedlund.
