There used to be all those jokes about Indians, with punch lines like "Ugh!" and "How!" Stuff like that. Really funny. The kid at left isn't laughing because the 745 remaining members of his tribe, the Cocopah of Arizona, have something like 90 percent unemployment and an average family income of \$1,000 and tend to die in their forties. Guys not much older than he is routinely commit suicide. Ugh. Haha. For more Indian laughs, read "Sometimes We Feel We're Already Dead," pages 38-43.
