'Five's' Or Better

Every member and every person who reads these lines can do gun-dom for everyone the finest favor possible to a possessor of any type of firearm. Read the editorial in this issue. Take time to do the thing it asks you to do. It will be your voice speaking to the man who represents you in Congress of the United States. And it is your voice and feelings written on paper which will get more attention than all the printed type matter which floods his desk.

* * *

The great job is ahead. We are asking our members to bear with us. Those who could not attend the 25th Anniversary Shoot will certainly want a full account of that event to understand and appreciate the great success that it was. Full account will appear in the October issue of Muzzle Blasts now being prepared.

* * *

Because of the great work in preparing for the 25th Anniversary, this issue of the magazine was delayed. Your staff and editor can not be two places at once although we wish such were possible sometimes.

* * *

A few members have entered the Belt Buckle contest. We regret to announce this offer has been withdrawn. However, for every five new members any individual will send to headquarters who have not been on our membership list for one year, we will send, free of all charge, the beautiful full color 17 x 22 reproduction of the John Barsotti picture "The Muzzleers" which, in a very limited edition, was especially printed for the Anniversary Shoot.

* * *

Should we mention the Turkey Shoot? We hope the 25th did not take too much out of shooters so that they will stay away in droves. You gotta' eat — why not make it Turkey on November 2nd and 3rd.
