Deft. The beautiful finish for a beautiful finish.

When it comes to wood staining and finishing, Deft has all the answers. Our products are all you need to make wood beautiful. And you can stain and finish in the same day!

Deft's wood stains are packaged in either standard wood tones (nature's colors) or "right on" decorator colors to add zest to your color scheme.

Your choice: vinyl wood stains—no mess—cleanup hands and tools with water. Or lacquer aerosol stains for hard-to-brush places, shading and toning effects.

To protect wood surfaces use Deft's Interior Clear Wood Finish. Fast drying, it's non-yellowing and gives a bar top finish. Spray or brush on.

Deft has five beautiful instruction folders all about staining and finishing wood. They're yours free.
