filmmakers' 3-D  
miniworld.

## COVER STORY

### 40 The Dinosaur Hunter

Bigger than *T. rex*? A hot dino-pro prospector's dazzling find offers new clues to prehistoric times.

Cover art Al Kamajian

Founded in 1872

Volume 249

Number 3

## FEATURES

### 48 Pickup Playoff: Ford vs. Chevy

In head-to-head testing, the redesigned champ takes on its retuned top challenger.

**54 Surfing for Science** A cyber-journey across the Internet's sci-tech sites may seem daunting. Our road map points you in the right direction.

**61 Essential Technology Guide to Education**  
How computers are changing how we learn.

**66 Radical Chic** At last, a home PC that doesn't look the least bit homely. With a design like this, you may want to upgrade your furniture.

**68 Unplugged!** Beefier battery-run tools mean more unteathered power than ever. But is more voltage worth the cost?

68  
High power,  
will travel:  
new cordless  
tools.
