RETURN OF THE SQUARE  
SO YOU'RE ON A COMMITTEE

## COVER

A splash breaks the surface of a cold mountain stream, and once again the age-old struggle between man and fish is about to begin. In this case the "man" is quite young, but **certainly not inexperienced. He knows the thrill of being on his own, the value of rudimentary outdoor skills, the companionship of a friendly cocker spaniel.** We don't know that he learned these things in Cub Scouting—but he could have! This painting by Dom Lupo is from the collection of Charles M. Heistand, who recently retired as Assistant Chief Scout Executive after 42 years in professional Scouting.
