SPORTS AFIELD—April 1967

Back in the city, you might mistake it for a station wagon.

VW Campmobiles are for people who'd like to get away from it all on weekends.

Without leaving it all behind.

So out in the country, the Campmobile's something like a furnished, 4-room apartment.

It has a kitchen complete with an ice-box, water system, food cabinet, and work table. And enough bedroom for 2

adults and 2 kids.

Fold down the dining room table, and there's a dining room that seats 4. Fold it up, and there's a living room instead. But a Campmobile's not a Campmobile every day. Because most people can't go camping every day.

So during the week, it's a Volkswagen Station Wagon.

Which holds about twice as much as

conventional wagons. Without being twice as big.

It's only 6" longer than the VW sedan. So you can park it in most little big city spots. And maneuver it through the thickest traffic.

Which makes it a pretty useful VW, no matter how you use it. For commuting to work. Or commuting with nature.
