do make a difference

**We make
Converse-
Hodgman
gear for
real outdoor
types.**

Like the guy on the right. He's wearing our famous Wadewell Bootfoot Waders. They're extra strong and 100% waterproof with outer and inner fabrics both bonded to rubber and triply reinforced at all seams. They're available with either cleated or long-wearing felt soles for best traction on all kinds of footing. And they are as comfortable as they are tough with features like sponge rubber insoles, hard toe caps and molded heels.

The guy on the left is ready for any kind of foul weather in our Nylon Wader Parka and extra warm Thermoboots®.

Converse-Hodgman gear isn't just made to keep the weather out either. It's made to fit every move you make with comfort and toughness and durability.

So, if you're going to get into the woods, or into the cold, get into Converse-Hodgman.
