SPORTS AFIELD—May 1964

## These tires protect your fun with Nylon!

Now, Goodyear Super Rib boat trailer tires (4-ply rating and above) are made with 3-T Nylon cord—triple-toughened for extra strength and stamina. That's why they take murderous poundings under heavy loads far better than ordinary tires.

Another point: because they're smaller around, boat trailer tires have to spin almost twice as fast as their big brothers. This builds up heat that can

cause fun-killing blowouts. But Super Rib's are built lighter and stronger...run cooler, last longer. And, they're made with five husky ribs on a wide, flat tread for more stability, straighter tracking, and smoother going—no matter what route you take. So protect your boating fun with 3-T Nylon Super Rib trailer tires. That way you won't be dropping anchor—along the road. Goodyear, Akron 16, Ohio.

ANOTHER REASON WHY: MORE TONS ARE HAULED ON GOODYEAR TRUCK TIRES THAN ON ANY OTHER KIND
