COVER: A shiny blown Rat sticking out from the hood is about as cool as it gets. Add in a bright-red paint job on a near-40-year-old classic and you've described Giulio Breviaro's '64 Nova Pro Streater to a T. Legendary photog Steve "I've got it" Reyes clicked the shutter on this month's cover car down home in south Florida at the Gainesville Super Chevy Show. All we can say is, what a ride this machine must be come cruise night! You'll find the whole story starting on page 30.
