## Let's get ready for a longer retirement.

A typical American city. 400 people. And a fascinating experiment. We asked everyday people to show us the age of the oldest person they've known by placing a sticker on our chart. Living proof that we are living longer. Which means we'll all need more money to live in retirement. Talk to your financial professional about our guaranteed retirement income solutions that can help provide the money you need for Day One of retirement and beyond.
