A Letter to You

Dear WEE WISDOM *Readers:*

This is a personal letter to wish each of you a happy vacation. What a thrill the first few days are when schoolbooks are forgotten! Perhaps Mother will let you sleep a little longer in the mornings! Then there will be all the gay plannings for vacation trips, picnics, and visits to farm and city. Vacationtime is truly a happy carefree time.

After the thrill of the first few days of freedom is over you may be asking Mother what you can do. WEE WISDOM has several ideas this month that you will want to try out. Barbara Benson will be glad to send you directions for starting a Good Words Booster Club in your home or neighborhood. (See page 20.) When I was a child one of our neighbors had thirteen children in the family. What a splendid GWB Club they could have had!

Our Stamp Editor is just full of ideas about collecting stamps. He will be glad to advise you about your collection or to help you start one.

WEE WISDOM has a world-wide circulation, and we are hoping that through the pen-pal column (page 27) you boys and girls in the United States will begin writing to boys and girls in foreign lands, and that you boys and girls of other lands who are reading WEE WISDOM will send your names and addresses in for the pen-pal list. Now that planes can carry us from one country to another in a matter of minutes you will be wanting to form friendships and later on will probably want to visit one another. So we are making a special request of you foreign subscribers to send in your names and addresses. Be careful to write plainly and be sure to give your age. Any child under thirteen may send in his name. This will be fun!

Summertime is a wonderful time to establish your own private line for sending messages to neighboring playmates. Read Glenn Morgan's directions for making one on page 22.

You will find other ideas for summer fun in this number of WEE WISDOM and in the July and August numbers as well.

We send you our love and best wishes for a happy vacation.

Jane Palmer
Editor.
