

CASSEROLES STICK?

spray on PAM®

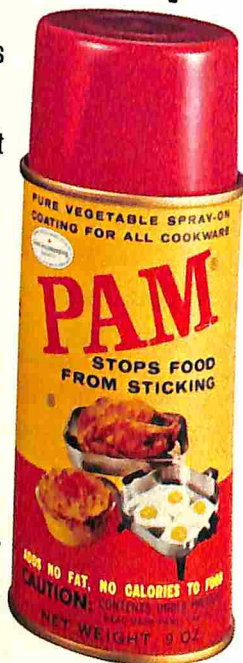

for no-stick cooking

no-scour cleanups

This pure vegetable spray-on coating means macaroni and cheese, baked beans, potatoes au gratin won't stick to the casserole. Just remember to spray PAM on any casserole, pot or pan before cooking so food won't stick. Cleanups become a breeze. Pick up this new cooking habit in the cooking oil section of your store. It has the Good Housekeeping Seal.
